## Core Competencies

The following services are examples of the services and deliverables we can provide to ensure your project is successful:

### **Full SDLC Project Implementation**

M.A.G. Management Services consultants are equipped with the deep technical expertise and experience necessary to support an IT project from beginning to end.

### **Healthcare, Energy & Utility, and Finance Sector expertise**

Our consulting team brings deep industry experience, rigorous analytical capabilities and a pragmatic mindset to our clients' most complex business problems.

### **Project Management**

M.A.G. Management Services works closely with its clients to develop tailored project management plans, schedules, and cost and status reporting that address the entire lifecycle of a project.

### **Management Consulting**

As our focus is only Public Sector and Energy & Utility clients, we have the expertise and focus to meet all the challenges of change management for large public sector projects.
